The Oak Dale Park Purchase.

PLINY, Oct. 6th, 1879.

EDITORIAL JOURNAL: Some time since one of the prominent business men of Salina said to me that he thought Saline county ought to purchase Oak Dale Park for a permanent fair ground. I thought the idea a good one, provided the county could sell the one she now has, and take proper care of the ground and fixtures.

While visiting the Fair at Oak Dale Park last week that conversation occurred to me, and I looked over the grounds with reference to their adaptability to the purposes mentioned. Without settling the question as a county measure, I was strongly impressed that in view of its proximity to your city (Salina, in fact, almost encircling it,) and its favorable promanagement being so easily accessible from both sides of the river (counting that foot bridge already built) that in the event of its being offered for sale the city ought to be the purchaser.

With the increasing population and the prosperity of Salina and her citizens there should be a judicious liberal-ity manifested by the city fathers to-ward promoting the comforts and pleasures of those who make it a home, at the same time offering increased attractions to people of refinement, seeking homes. With the title vested in the city and a park commission, with a good landscape gardener placed in charge, we would, in a few years, have a not a "showy garden"—at least a park unsurpassed by any in the state.

Then when synods, conferences, or any other body of learned men are knocking about the state, seeking a favorable point at which to locate a school of training for the next generation of professors, they will find in addition to the toothsome chicken, a liberal-minded and open-hearted people, and a park with so much of art and nature's beauty, that they will, simply by their love of the good and beautiful, be drawn to lo-ate among us and not be driven away—perhaps by such side shows and gam-ing devices as were said to be neces-sary to draw at your fair.

I do not know if the park can be purchased by its present owner, but I would suggest that the council open ne-gotiations for it, lest it fall into the hands of some speculator—be dismem-bered, and forever lost to Salina.

Respectfully yours, C.

Commissioner Second District.

EDITORIAL JOURNAL: I would like just room enough in your paper to say to the delegates to the county convention from the second commissioner district, that they should not forget there is a com-missioner to place in nomination, and that as much care should be exercised in his selection as in that of any other nominee on the ticket. Prepare your minds for it before you go into the con-vention. I say this because the custom has been to nominate the commissioner after the balance of the county ticket, and the delegates of two commissioner districts strike out for home. This has proven to have had a demoralizing effect upon those whose duty it was to remain and select a candidate—many of them often following the retreating forms of those whose duty had been performed.

Do not let this happen again, if you please; select your candidate for the po-sition, and then say and place him on the ticket if you can. You are under no obligations to follow this suggestion un-less you think you owe it to your con-stituents. Respectfully,

J. C. TERRY.

Pliny Farmers' Club.

PLINY, Oct. 6th, 1879.

The Pliny Farmers' Club met at the residence of Mr. John Kingman on the evening of Saturday, Sept. 27th. The evening being very pleasant many friends were in attendance. The read-ing and essays were excellent. Music and singing by our friends of the Gyp-sium added to the enjoyment of all. The next meeting will be held at the house of Jacob Foderhen, Saturday, Oct. 25th, at 7 P. M. A prompt attendance is re-quested.

The New School Laws for District Clerks.

The Clerks of the School Districts will please call at the office of the County Superintendent and get a copy of the "New School Laws." Each district is entitled to one copy of said Laws.

Wm. Bishop, Co. Supt.

Lawrence, Kansas, Sept. 28th, 1879.

Mr. Bishop—You will no doubt think it strange that we here in Douglas county should be at all in-terested in the coming election of district clerks, but strange as it may appear it is nevertheless true, for many of us have acquired with at least one of the many aspirants for office in your county. I refer to Mr. Wayne Amos. Mr. Amos was formerly a resi-dent of this county and was respected and beloved by all who knew him; he has been a radical Republican since there has been a Republican party; and is likely to be as long as the Republican party continues to pursue its present policy and is honest to the principles proclaimed on its platform.

He is a man that is familiar with the duties of the office for which he is seeking; he is a few scholars and correct business man. I do not think there can be one word said (truthfully) against his character. Mr. Amos has been in office in Ohio and in Washington City, D. C., and can show as good or equal record as any man in the party of the State. Socially he is pleas-ant, agreeable and generally jovial; in fact quite a joker, though there is nothing of the rough or coarse expressions common in these days; he has sometimes been accused of being proud, or as we generally say "stuck up," but this is a worst misapprehension of as he can testify. He would not put himself on a level with a man who is notoriously dishonest or that would disgrace himself and family by the excessive use of strong drink, or that would be a violator of the laws of society and humanity; nor this we must mind-ed man like Mr. Amos could do; but this does not necessarily make him proud or stuck up. To con-clude I will tell you why I have written this letter. I know that Mr. Amos is a very modest man (too much so for a politician,) and perhaps some of your people do not know him, or would like to know what his rec-ord has been elsewhere. I can say that I know it to be good and I congratulate him on his position of dis-tinction, at having an opportunity to have such an honest and upright man in the office of district clerk. I have not written this at the suggestion of any one, but not without a sincere wish to see him in the office, and I know I know to be worthy.

P. S. Now if any of you want to know what the writer is, or if he is reliable or responsible for what he says or does, I would refer you to Oliver Bishop, Treasurer, Douglas county, Kansas, or to Geo. F. O'Leary, Wm. Reynolds, M. Hay or Messrs. Brothers, all business men of Lawrence.

LOCAL BRIEVITIES.

Horace Greeley is running a daily in Salina.

Mrs. F. H. Wildman and children returned from the East last Friday.

There was quite a fog last Friday morning.

It was as "intense" as anybody's fog.

Miss Ada Macey has returned from Texas, where she has been visiting for several months.

Owing to an injury to some of the machinery of the steamboat, it was not run during the Fair.

Printers are sometimes in luck. The Senior calls, Briggs, Well, Seitz and the others, with a 12-pound boy.

A sister of Mrs. T. F. Garver—from Pennsylvania, is visiting here, having arrived Friday morning.

Judge A. C. Sullivan, special agent and cor-respondent of the St. Louis Times-Journal, called last Monday.

We call attention to a communication pub-lished in another column upon the advisability of the County's purchasing Oak Dale Park.

Col. Phillips started for the Indian Territory last Monday evening. He will be engaged with business at the Nation for about two weeks.

An effort is being made to establish a new post office at Mr. A. C. Wait's, in Walnut township, to be called "Torrey post office." In case it is established the present office at Broadway will be discontinued.

The Morning News is the name of the little daily which records the proceedings of the Tournament. It is published from this office, and is edited by J. M. Greeley, who makes "Rome how" in a very satisfactory manner.

Mr. I. F. Clark, of this city, is making ar-rangements to start a newspaper at Abilene. It will be named the "Weekly Democrat" and will be ready for its patrons in about a month. Some \$1000 have been pledged for the new en-terprise by the citizens of Dickinson county.

Messrs. Adhoun & Wills have received their new bus. It will be run to and from trains for the benefit of the Metropolitan and Linden Hotels. Three buses and several other ve-hicles at the depot, upon the arrival and depart-ure of trains, makes quite a "hotel showing."

Jay Gould, accompanied by his family, Re-ciever Smith and Superintendent Brinkerhoff, arrived from the West on Friday last. Messrs. A. W. Wickham, T. L. Lynde, D. B. Powers and S. M. Palmer, officers of the Southwestern, joined them on a trip of survey to Landsburg. Returning that evening, the Gould party went East Saturday morning.

Mr. J. S. Weaver, well known here as a for-mer grain dealer, has located at Stanberg, a point on the Omaha extension of the North Missouri Railroad. One thing peculiar about the town is that it has, as yet, few if any houses, but there are some "brilliant" pros-pects in store for it. Mr. Weaver engages in the grain and grocery business.

Mr. Amos Miller, of Eureka township, an-nounces that he will be a candidate for County Commissioner in the Second District, subject to the decision of the Republican Convention. We have known Mr. Miller for a number of years and have always found him to be a most worthy, honorable, honest and reliable gen-tleman. Not a word can be said against his ca-pability and fitness for the place. As a Re-publican he has always been a "staid art," having cast his first vote while in the army at Atlanta, Georgia, for Abraham Lincoln.

The following "fire alarm" has been pub-lished by the Fire Department: General Alarm—Several successive tolls of the bell. One toll—Iron Avenue corner Santa Fe Ave-nue. Two tolls—Elm corner Third Street. Three tolls—North corner Santa Fe. Four tolls—Ninth Street corner Ash Street. Five tolls—Eight Street corner Walnut Street. Six tolls—Fifth Street corner South Street. Seven tolls—Third Street corner Walnut Street. Eight tolls—Iron Avenue corner Oak Dale Ave-nue. Twenty-four tolls—Hook and Ladder Company.

Tide's predictions for the remainder of the month are as follows:

4th to 7th r b t, heavy weather, with local rains; 8th to 9th r b t, clear or fair; 10th to 12th, b t r, clouding, threatening weather, with heavy rains and severe storms in places; 13th to 14th r b t, clear or fair; 15th to 16th, b t r, clouding with rain in places; 17th to 21st, r b t, clear or fair; 22d to 23d b t r, clouding threatening weather with heavy rains and severe storms in places; 24th to 25th clear or fair; 26th to 27th b t r, clouding threatening weather with local rains; 28th to 31st r b t, clear or fair. The warmer days will be about 1st, 9th, 12th, 17th, 24th and 30th. The cooler days will be about 3rd, 8th, 14th, 19th, 25th and 29th. Earthquake periods, 1st, 12th and 24th.

Since our last issue a proposition has been made by Capt. Silsby, of the Silsby Steam Fire Engine Co., of Seneca Falls, N. Y., to furnish a steam fire engine to the city which, includ-ing 1000 feet of hose, two hose carts and all other apparatus, is not to exceed in cost the sum of \$5,300. The company will take as pay-ment bonds of the city, to run for five years, with annual payments bearing 7 per cent in-terest. They will also allow \$500 for the Bab-cock engine. Capt. Silsby has ordered one of his engines shipped to this place for trial, so that our citizens may be enabled to judge for themselves of the merits of the machine. The Council will submit the matter to the vote of the people after the engine has been tried, and whether we shall have the engine or not, will then be determined.

In view of recent events it is possible that the grounds and improvements of Oak Dale Park will soon be offered for sale, and a number of prominent farmers of the county are discussing the practicability of the county be-coming the purchaser. The more the matter is discussed the more it is apparent that there is a strong feeling in favor of such purchase. It is proposed that the county commissioners sell the property south of town now held for fair purposes, and turn the proceeds thereof into this purchase. The Park, of course, in the event the county becomes the purchaser, would be used chiefly as a county fair ground. There is also some talk of making the city a purchaser, in which event the grounds will be used for a city park. It is urged that Salina has no park, and now is the time to buy one which nature has done so much for.

The question as to whether our city shall invest in a steam fire engine or water works is now being agitated. A large portion of our citizens agree that the water works would be of inestimable value to the city—in fact, just the thing; not only for preserving our build-ings from the ravages of fire, but to aid in or-namenting our yards, streets, etc. Of course the water works will be expensive; but we are of the opinion that if their cost would not ex-ceed \$35,000, our citizens would be willing to invest in them. It is absolutely certain that we must have some protection against fire. Our present apparatus proves inefficient. Shall we have the water works, or the engine, is the question. Our likes would be to employ a water works engineer, and have him look into the practicability of the project. Then, if it is found impracticable, or too expensive—we can then resort to the engine. One or the other we must have—and that right away.

Notice.

Dr. H. Bell wishes to say to his patrons, both present and former, that owing to poor health and business he will leave for New York, and from there he will go to his native home, England, in a short time as possible. He desires very much that all those owing him for services will come to his office and settle their indebtedness at once. The doctor will be absent about one year.

A Good Plan.

As "an ounce of prevention is worth a pound of cure" it is a good plan to buy a bottle of KEENE'S FEVER TONIC, and during the season when Chills and Fever are prevalent, take a small quantity, thus preventing the possibility of contracting any Malarial disease. If you have the Ague say a word to the agent, and you will receive a bottle of the Tonic free of charge. The Tonic is sold in all drug stores, and is guaranteed to cure. It contains no Quinine or Potash, and is pleasant to take.

Notice.

Having disposed of our Furniture & part-ment we will for the present devote our lives exclusively to the Hardware and Stove trade. Look out for the latest and cheapest lines of these goods in the State this fall. We recom-mend Messrs. Lotz & Elwardt—our success-ors—to all our old patrons who want furni-ture.

RADCLIFF BROS.

SHILOH'S CATARRH REMEDY. A marvelous cure for Catarrh, Diphtheria, Canker-mouth, and How-Ashe. With each bottle there is an invaluable nasal injector for the more successful treatment of the disease. The effect of using the remedy is to clear the system, and to cure the disease. Price 25 cts. Sold by H. M. Sale, Salina.

A Mother's Grief.

The price of a mother, the life and joy of a home, are ever children, leave her grief when once she enters and takes them away. Take warning then, that you are running a terrible risk, if they have a Cough, Croup or Whooping Cough, which lead to Consumption, if you do not attend to it at once. SHILOH'S CONSUMPTION CURE is guaranteed to cure them. Price ten cents. 30 cts. and \$1.00. For lame Back, Hives, or Chert, use Shiloh's Potent Plaster. Sold by H. M. Sale, Salina.

Quinine and Arsenic.

Form the basis of many of the Ague re-medies in the market, and are the last resort of Physicians and people who know no better medicine to employ, for this distressing com-plaint. The effects of either of these drugs are destructive to the system, producing head-ache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredi-ent, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventative, as well as cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the Liver and biliary apparatus, it stimulates the system to a vig-orous, healthy condition. For sale by all Druggists.
